

# Perafoam

## FOAM ADJUVANT

See back panel for precautionary statements and directions for use.

### Active Ingredients:

Sodium Lauryl Sulfate ..... 10.00%  
Sodium dodecylbenzene  
Sulfonate. .... 5.18%

Inert Ingredients: ..... 84.82%

**Total** ..... **100%**

### First Aid

**If in Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. **If Swallowed:** Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell. **If on Skin:** Wash with plenty of soap and water. Call a POISON CENTER or doctor/physician if you feel unwell. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.

### Questions? 1-209-581-9576

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

## Perafoam™

Before using this product, please read this entire label carefully.

## KEEP OUT OF REACH OF CHILDREN AND ANIMALS DANGER

### Hazard Statements:

- Causes skin irritation
- Causes serious eye damage
- Harmful if swallowed
- Harmful in contact with skin

### Precautionary Statements:

Wear protective gloves/protective clothing/eye protection/face protection. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product.

### General Foam Additive Uses:

Manually or mechanically blend 4-24 fl. oz. of this product to 6 gal of water (0.6-4 fl oz per gal) and then add the 2nd product of choice to the solution and mix thoroughly. Apply through a conventional foam generating device (foamer) and adjust settings to obtain the desired foam characteristics.

### ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

This product is an outstanding foam booster additive for many types of solutions. It has very stable, long-lasting foam characteristics. This product contains only food-grade ingredients and if used as a cleaner in conjunction with Reset in accordance with the directions for use, does not need a rinse prior to start-up. This product may be used as a general-purpose foam additive for other types of uses, but a potable water rinse on food and beverage processing equipment is required if used with any product other than Reset.

### DIRECTIONS FOR USE

For use with Reset as a cleaner: Manually or mechanically blend 6-12 fl. oz. of this product to 6 gal of water. The dilution water may be ambient up to 150° F. For food contact surfaces, add 1.0-6.1 fl. oz. of Reset. Add this blend through a conventional foam generating device (foamer) and adjust settings to obtain the desired foam characteristics. It is preferable to leave the foam product on equipment as long as possible before rinsing, but a potable rinse is not required. If used for Organic Production, a potable water rinse is required.

### STORAGE AND DISPOSAL

#### Precautions for Safe Handling:

Wear at least chemical resistant gloves and eye protection, face shield, and chemical resistant garments when handling, moving or using this product. Do not contaminate water, food, or feed by storage or disposal.

#### Conditions for Safe Storage:

Keep product in tightly closed container when not in use. Do not drop, roll, or skid drum. Store in a cool, dry, well ventilated area away from heat or open flame.

#### Method of disposal:

Dispose of in accordance with all applicable federal, state, provincial and local regulations. Contact your local, state, provincial or federal environmental agency for specific rules.

#### Disposal:

Dispose of contents/container in accordance with local regulations.

DENSITY: 8.7 lbs/gal
